SCHOOL FACTS

Wakefield High School is situated on a 110 acre tract in Northern Wake County near the town of Wake Forest. Just north of Raleigh, the capital of North Carolina, the main campus is centrally located in the Wakefield Community. The high school is adjacent to Wakefield Elementary and Middle Schools and a YMCA close to campus enhances its reputation as a community-based school. Currently the largest high school in the Wake County Public School System, Wakefield is a comprehensive public secondary school that offers a traditional curriculum based on the North Carolina Standard Course of Study. A 9th grade center approximately 3 miles from the main campus opened in the Fall of 07 to house incoming freshman. There are approximately 170 faculty members at Wakefield, of which, 21 are recognized as national board certified teachers. There is a support staff of over 50 including administrative, technical, and clerical assistants as well as child nutrition, custodial and maintenance personnel.

All courses are offered on a 4 x 4 block schedule. In addition to advanced placement and honors classes, Wakefield offers an extensive program of vocational, technical, and career development courses. An award winning arts program provides instruction in instrumental and vocal music, theater, visual art, and dance. A special programs course of study is offered for exceptional students who meet state guidelines. Wakefield cooperates with local universities and community colleges to provide dual enrollment opportunities for students who take elective courses not offered on the high school campus.

A 4-A school governed by the North Carolina Athletic Association, Wakefield has achieved recognition in many sports. Outstanding recognition noted recently for Wolverine Athletics include two state titles in boys' basketball. The Wolverines compete in football, basketball, baseball, softball, soccer, track, cross country, lacrosse, golf, swimming, volleyball, wrestling, tennis, and gymnastics. Believing that extra-curricular activities are an essential part of high school life, Wakefield is committed to service and leadership through clubs and various organizations. Student life is thriving and there are numerous opportunities for involvement including participation in student government, academic and honor societies, fine arts clubs, service and cultural groups, business and civic organizations, and athletics. Parents are involved and the PTSA and Booster organizations readily support the teachers and programs at the school.

Grading System				
Letter	Numeric	Standard	Honors	AP
A	100 - 93	4	5	6
B	92 - 85	3	4	5

Computer Science	Computer Science III, IV	Computer Science A

Please note there are fewer AP courses available. Recent budget reductions have affected numerous aspects of education across the state. At WHS, there have been reductions in the number and frequency of AP and honors courses offered. This has had a direct impact on seniors and what courses appear on the official transcript. Feel free to contact the school counselor regarding a student's transcript.
